# RFFS for General Aviation

- Amendment 17 to ICAO Annex 14
  - RFFS is required only during commercial air transport operations
  - Applies as of 3 November 2022
- EASA will publish an ED Decision shortly
  - It will apply for all non-commercial operations (NCO & NCC) and SPO
  - ADR operator is not obliged to provide RFFS
  - When RFFS is not available information needs to be published in the AIP
  - Decision to operate at an aerodrome is on the pilot based on a risk assessment

# Fluorine Free Foams

- Research report published by FAA
- EASA is reviewing the report
- Feedback from authorities and aerodrome operators is essential
- Discussions with the Member States later this year
